**TEQUILA FACTS:** Just as with wine, tequilas vary greatly in quality and price. While the Mexican government mandates that true tequila contain at least 51% sugar from the blue agave plant found in the Tequila Region of Mexico, Paloma Blanca only serves pure 100% blue agave tequilas. There are three types of tequilas:

### OUR HOUSE TEQUILAS

#### BLANCO (SILVER) 10/shot

This un-aged tequila comes directly from the still and has a strong agave taste — it's kept in metal tanks for no longer than 60 days. These tequilas, mellowed by the addition of caramel coloring, oak tree extracts, glycerine, or sugar syrup are often called Suave or Joven.

#### REPOSADO (RESTED) 12/shot

This more gentle tequila is aged between two months and one year in oak tanks or barrels. Aging in the oak barrels gives tequila a more mellow taste, and the varying types of oak used allow for subtle nuances that differentiate one tequila from another.

#### AÑEJO (AGED) 14/shot

This is tequila aged in oak barrels from one to three years. The longer aging darkens the tequila and gives it an even smoother and more sophisticated taste than Reposado tequilas.
